WHO WE ARE

One licensed contractor for the whole house.

Hello Projects Pro is the contracting brand of Patagon Consulting Inc., a California-licensed general contractor based in Reseda, in the San Fernando Valley. We serve homeowners across Los Angeles County and the surrounding areas — from a single roof repair to a full addition.

Built on experience. Trusted for results.

What we do

BBB ACCREDITED BUSINESS

BBB Accredited Business — A+ rating. Open our BBB profile.

YOUR APPOINTMENT

What to expect when we visit.

The visit is free, takes about 30–60 minutes, and there is no obligation. Here is how it goes.

1 We arrive on time
A Hello Projects Pro representative — registered with the CSLB, ID available on request. If we're running late, you'll get a text.

2 We look, measure and photograph
We inspect the actual conditions, take measurements and photos, and check anything that could affect the work — access, existing materials, code requirements.

3 We listen
What matters most to you: budget, timing, materials, how the finished work should look. We'll ask the questions that change the price so there are no surprises later.

4 You get a written quote
A detailed written proposal — typically within 1–2 business days. It spells out exactly what is included, what is not, and the total price.

5 You decide on your schedule
No same-day pressure. Review it, ask questions, compare. When you're ready, we sign and schedule.

What we will never do

- × Quote a price over the phone without seeing the work.
- × Pressure you to sign the day of the visit.
- × Ask for a deposit above what California law allows.

HOW WE QUOTE

One written price. No surprises.

1 Written and itemized
Every quote lists the full scope in plain language, with an **Included** and a **Not Included** section, so you know exactly what you're buying. When it helps, we show options (good / better / best).

2 One lump-sum price
Labor, materials, permits when required, debris removal and cleanup are in the number. The price on the quote is the price you pay — it only changes if you change the scope, and only by a signed Change Order.

3 Payments tied to work, not dates
Deposit never exceeds **$1,000 or 10%**, whichever is less — that's California law. Progress payments are due only as work is completed. Final payment comes after completion and your acceptance.

4 Permits and inspections — handled
When the work requires a permit, we pull it and schedule the inspections. Permitted work is documented work, and it protects your property value.

5 Workmanship warranty, in writing
10 years on roofing; **5 years** on remodeling and flooring work. Manufacturer warranties on materials pass through to you.

Financing available

Through our partners **Acorn Finance** and **Wisetack** you can pre-qualify in minutes with no impact to your credit score. Promotional plans, including 0% APR offers, are available on approved credit. Ask your representative or visit our financing page.

WHY HOMEOWNERS CHOOSE US

Licensed, insured, and easy to verify.

- **Four license classes, one contractor**
  We hold the B, C-10, C-20 and C-39 classifications. Roof, HVAC and electrical on one project means one contract, one schedule, one warranty.

- **Fully insured**
  General liability **$1,000,000 / $2,000,000** (Spinnaker Insurance Co.) and workers' compensation with State Compensation Insurance Fund. Certificates on request.

- **Accredited and reviewed**
  BBB Accredited Business, A+ rating. 5.0-star Google rating. Reviews are public — read them on Google, Yelp and BBB before we arrive.

- **Bilingual team**
  The visit, the quote and the contract — in English or Spanish, your choice.

Your protections under California law

- ✓ **Right to cancel:** 3 business days after signing a home improvement contract (5 business days if you are 65 or older), no reason needed.
- ✓ **Licensed and bonded:** every California contractor must carry a CSLB bond for your protection. Ours is on file with the Board.
- ✓ **Verify us in 30 seconds:** open the CSLB license check and enter **1135440**. You'll see our classifications, bond and workers' comp status.
